LETTER TO EDITOR

Appomattox, Va., Route 4
November 22, 1954

Dear Sir,

Please give me a little space in your paper. I want to say a few words in regards to Thanksgiving. Dear friends, one and all, we will be thankful to the good Lord to see the 25th day of November, 1954. That is called Thanksgiving Day. When I think of God of all power who made heaven and earth and all things therein, I don't know yhen I can be thankful enough. Let us make every day a day of thanks. God made man and placed him in a holy place. Man broke the law and sin has been here every since. What happened? We are told that Christ suffered and died on the cross that we might be saved from sin and have everlasting life. Let us seek the Lord and call upon him while he is near. He is knocking at our door. Let him in now. ****** He has blessed me to see about 83 years. *** May the Lord bless us and save us at last to that home of peace and joy. Your friend,

Henry Phelps.

STATE EMPLOYEES ROLL UP 948 FOR RECORD

The number of state employees showed a rise of 948 persons during the 1953-54 fiscal year to bring the total Commonwealth payroll to 29,035—an all-time high. But the percentage increase of 3.4 was down from the 1952-53 year when there was a rise of 5.6 per cent in state employment.

Meanwhile, the Census Bureau in Washington noted a substantial increase in state and local government employees more than offset a reduction in Federal employees in the 1953-54 year.

The result, said the bureau, was a net increase of 2.4 per cent in the total number of public employees to 6,332,000 in July, 1954, as compared with 6,184,000 the year before.

The bureau said this indicated a return to the trend of annual increases which has characterized public employment each year since 1947 with the exception of the 1952-53 year.

The big employment item in Virginia is highways, which has a payroll numbering 10,705. State hospitals and institutions followed with 6,200.
